This yearbook staff presents to you, the student body, the teachers, and all our friends, "The 1961 Mac."

We are sincerely grateful for all the cooperation we have received from everyone in making this "Mac," we think, the finest ever.

We hope you derive as much enjoyment from it as we have had in compiling it.

## *The Yearbook Staff*

The yearbook staff and club are extremely grateful to our photographer. Without him the "Mac" would not be possible. Again, we express our many thanks to you, Mr. Crozier.

# *Dedication*

*Mary K. Fish*

Today the shortage of capable teachers is becoming an increasing problem. We at McGraw consider ourselves very fortunate to have one who has excelled in the art of teaching. She began at the little country school house on North Street, and has taught at the central school for the past eight years. This year she will have completed thirty-five years in her profession.

Because of her boundless kindness and thoughtfulness toward both student and fellow teachers, we proudly dedicate the 1961 *Mac* to Mrs. Mary K. Fish.

MR. CHESTER LACY

Mr. Chester Lacy is the superintendent of our school and of the other central schools in this county. He always greets everyone with a friendly smile—both students and teachers.

MR. LeROY BAER

Mr. LeRoy Baer is more than an efficient and a sedulous principal; he is the heart of the school. He labors endlessly, hoping to gain as his reward, a fine reputation for our school, student body, and faculty.

## Junior Activities

For a money-making project, the Junior Class sells magazines and stuffed dogs are given to the salesmen who sell a specified amount. This shows Bob, Tootie, Janie, and Alice admiring their rewards. Bob Atkins, being top seller, won a transistor radio as well as one of the cute fuzzy dogs.

The Junior Prom is a yearly event of the Junior Class, and the proceeds are utilized to help finance their Senior Trip. Pictured here are the King and Queen of last year's prom, "Beyond the Sea," and part of their court.

Pencil selling is the usual Freshman activity—not political campaigning. But 1960 was election year. We won't say which candidate Richard Dolly is so vigorously backing—but his man won!

## *English*

The study of English is not wholly concentrated on studying from a textbook. Audio-visual aids are used as supplementary materials for literature and for writing techniques.

David Paddock is showing a filmstrip, and Dorothy Cox and Nancy Holcomb are the commentators. They are summarizing, for the class in English II, parts of speech and syntax.

## *Social Studies*

Bob Atkins in the world history class is endeavoring to do a good job on an oral report. Giving the reports orally is a new part of the history program, so, good luck, Bob!

## Earth Science

The study of minerals under black (ultra-violet) light is being conducted by Sue, Bill, and Judy. They are watching the different degrees of glow of selected mineral samples, and you must take earth science to understand what that means!

## Math

Martin and Bill are trying to manipulate a tangent, an instrument used in measuring angles, as a project for intermediate algebra. Looks difficult, but we know that if it were, Bill and Martin wouldn't be doing it—or would they?

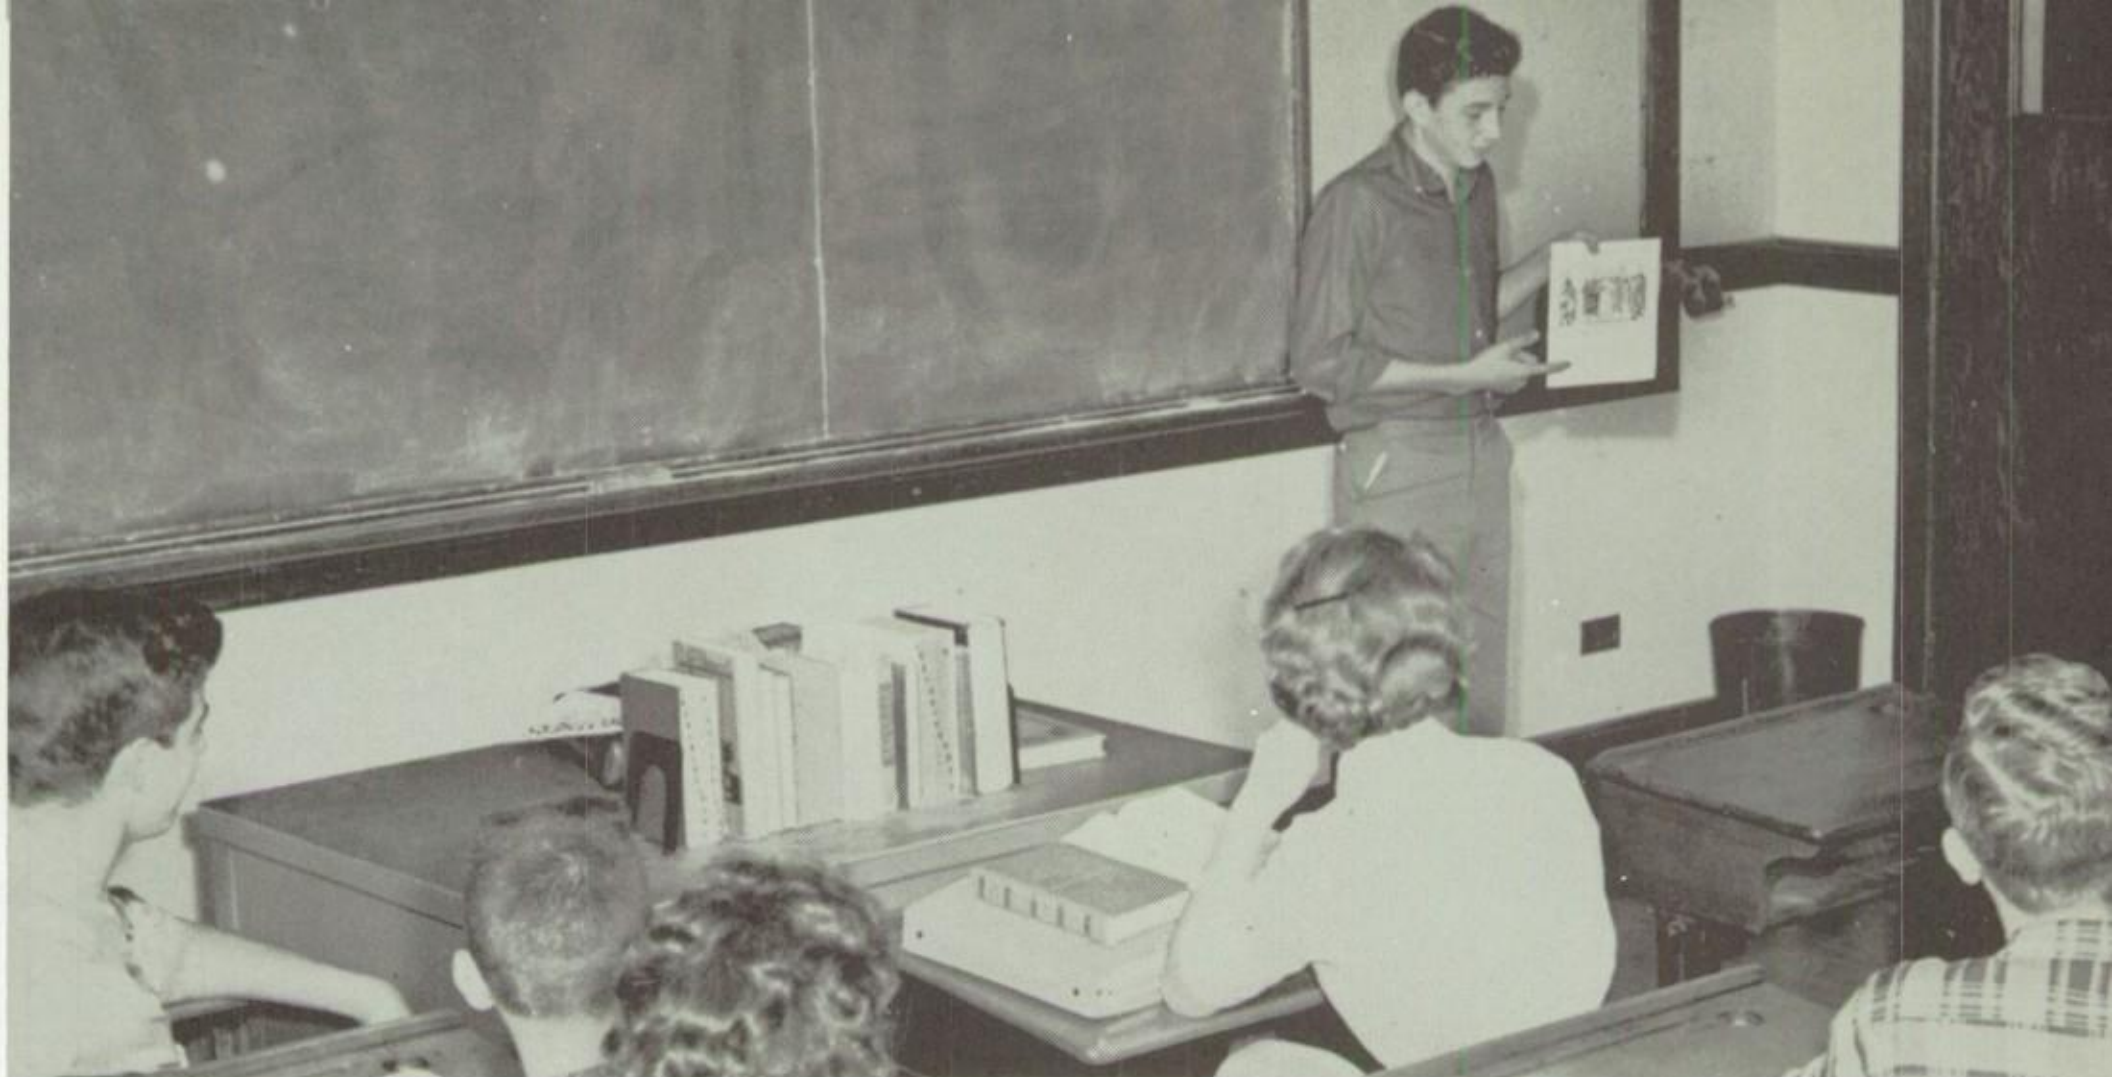

## Chemistry

Jane and Peg illustrate the use of a water bath to insure proper temperature control. In this experiment, controlled evaporation is necessary.

Paul Bennett is showing the Latin II class the Roman calendar which included the months of Januarius, Februarius, Martius, Aprilis, Maius, Junius, Quintilis, Sextilis, September, October, November, and December. The months of Quintilis and Sextilis were changed to Julius and Augustus in honor of the two great Caesars.

## *Latin and French*

In French class, we learn many interesting things. In this picture, Larry Winfield greets Sally Massingill, "Bonjour, Sally. Comment allez-vous?" She replies, "Bonjour, Larry. Je vais bien, merci."

Don Torrey is trying to talk Dave Crisfield into buying a typewriter. Beware, Dave!

Giving a sales talk is a project the pupils do at the end of the sales course. During the semester they discuss and demonstrate the various steps involved in selling an article. As a final project they give a 20 minute sales talk and present a portfolio consisting of information they received either from the manufacturer or retailer of the product they are selling.

## *Commercial Department*

Left to right: Sylvia Underwood, Charles Eamer, Alice Kinney.

The sales and management class handles a store which supplies articles for school to all grades. The officers are Gail Clor, Manager; Roxanna Bean, Treasurer. If sufficient proceeds result from operation of the store, they are planning a trip to Syracuse.

These children are enjoying themselves banging out a tune on their various and strange looking instruments ranging from a pie tin to an oatmeal box. The Indians dancing to the beat, however, do not look too fierce, do they?

## *Music and Art*

The busy hands of April Partridge work steadily to develop a well made heart. She looks intensely interested in her work.

John Heller observes his finished product for an art exhibition. A noteworthy example of his fine creative ability which undoubtedly will be helpful to him in his future efforts.
